ALL READY TO OPEN.

The Exposition Will Start Its 40 Days' Exhibit To-Nigh'-It Promises to Be the Largest and Best Show Ever He'd. The fourth annual exhibition of the Pitts-

burg Exposition Society will open promptly at 8 o'clock to-night. No fuss or feathers will attend the first night's show. Annoying circumstances will be conspicuously absent. When the doors are thrown open the band will reel off a popular air and the great fairy garden will be opened for its 40 days' engagement.

days' engagement.

Every detail for the opening was completed last night. The exhibits, arranged with rare skill, have all been placed, and the magnificent hall, dazzing in its brilliancy, will appear brighter and prettier than ever before. And while every effort has been made to please the eye the comhas been made to please the eye the com-fort of the patrons has not been overlooked and the seating capacity has been greatly enlarged. A balcony extending out from the gallery just opposite the band stand has been constructed and has been arranged with comfortable seats and promises to be a

favorite resort.
In Machinery Hall is to be found all the unique and intricate mechanism of the advanced age. This hall is also brilliantly lighted and to many it will be the most in-

teresting part of the great show.

At the lower end of the main building a merry-go-round has been erected. It promises to be the main attraction for the children, while just near it will be displayed all

dren, while just near it will be displayed all styles of wheels and the other articles of interest to the bicyclers.

"I am delighted with the outlook for our show "Manager Johnston said last night.
"I have never known the exhibitors to be so enthusiastic. This will be my twentieth exposition and I can say frankly this proming to be the best in every way, that I have ises to be toe best in every way that I have had anything to do with. We are ready now. The exhibits are simply magnificent and at 8 o'clock to-morrow we will bewilder our patrons. Our new hall will be open to-morrow. It will be lighted up just for general inspection, but the Cromwell lec-tures will not be started for a week.

The holders of season tickets will be admitted to the Exposition building through the center entrance. Turnstiles will be operated on all the other gates.

Too Much lee Cream.

C. H. Roher, agent of the Missouri Pa-cific Bailway, New Haven, Mo., says: "I suffered a great deal one hot evening last week (July 21). I had eaten ice cream for supper, and there seemed to be an internal conflict going on. A traveling man said he had something in his grip at the hotel that he believed would relieve me, and produc-ing a small bottle or medicine gave me a I telt better, and in a few moments took another dose which entirely relieved me. I believe that such a medicine is worthy of recommendation and that it should be kept in the house during the summer. The bottle was labeled Chamberlain's Colic, Cholera and Diarrhea Rem-edy."
